IS THE MINDS OF
OUR CHILDREN."**

In the heart of every child,
there is a hope. . . a dream. . .
an ideal. . .a fantasy.

A vision of HEAVEN. . .
out of which new worlds of
imagination are born!

**DO YOU HAVE
A HEAVEN
INSIDE YOU?**

A PLACE AS
BIG AS THE
HEART
OF A **CHILD!**

2019 ●

The world's largest school art program - **the 6th Arts Olympiad** - will by December 2019 identify the leading child artist in the U.S. and some 100 other countries.

The National Mall
WASHINGTON D.C.

● 2020

The Arts Olympiad winners will convene at the **6th World Children's Festival at the National Mall from July 31st to August 2nd of 2020.**

For three days at the National Mall, they will paint their personal HEAVENS for everyone to share.

The masterpieces that the child artists create will become a fully immersive virtual reality experience that may inspire or heal many others.

It will be educational and entertaining--a therapeutic journey or even a transformative experience.

By harnessing the genius of the industry's giants and leveraging the best technologies for 3D CONVERSION and 360 CAPTURE, we'll bring HEAVENS closer to reality.

"Children have a simple and direct notion and vision of Heaven because they are so connected to it. As adults we lose our hopes for Heaven on earth because our innocence is so badly tainted. Yes, the child can see through clear eyes and knows how to make Heaven more habitable on earth. Adults need to learn how to see life again through a child's eyes and implement their vision in the world."
